Prospective purchasers are advised to independently examine the Declaration, Bylaws, and all other governing documents of Association, together with obtaining an official Resale Certificate (or if purchasing directly from the developer, Condominium Information Statement) and performing a comprehensive physical inspection of the unit and common areas, prior to purchase. The purpose of this certificate is to provide information sufficient for a title company to correctly identify the condominium community and to contact its governing Association. This certificate does not purport to identify every publicly recorded document affecting the condominium, or to report every piece of information pertinent to the condominium. No person should rely on this certificate for anything other than instructions for contacting the Association in connection with the transfer of title to a unit in the project. The registered agent for the Association is on file with the Texas Secretary of State.

This certificate is filed of record in the county where the above-described project is located. It will be valid until a newer management certificate is filed of record or until a termination of this management certificate is filed of record, whichever is sooner.
